Toki Lighting

David Trubridge & Archant Collaboration

The Toki lighting range is where artistry meets innovation. Crafted from Wovenpanel®, these lights celebrate the material's intricate textures and strength. Designed by renowned New Zealand designer David Trubridge, Toki lights are inspired by nature, featuring clean, folded lines that play with light and shadow to create a captivating presence.

Each piece in the collection balances form and function, making them ideal for both residential and commercial spaces. Whether as a statement feature or in dynamic clusters, Toki lights bring a sense of airiness and elegance to any interior.
